

2024 MODEL CONTRACTS WORKSHOP *Austin*

WORKSHOP PROGRAM September 16-19, 2024 | Austin, TX

MONDAY, SEPTEMBER 16

5:30 - 6:30 PM Early Registration

6:30 - 7:30 PM Welcome Reception

TUESDAY, SEPTEMBER 17

8:00 AM - 8:45 AM Registration & Morning Refreshments

8:45 AM - 9:00 AM Welcome & Introduction

9:00 AM - 9:30 AM Opening Keynote Address
Brian Korgel, Rashid Engineering Regents Chair, The University of Texas-Austin

9:30 AM - 10:15 AM Session 1: *The Continuing Role of Model Contracts in an Evolving Energy Landscape*

This session will outline the ongoing changes in the energy landscape and the implications for AIEN as we capture new opportunities. The panel will discuss the types of contracts that are populating the new energy space and the challenges they represent for the AIEN Model Contracts Committee in terms of the modification of existing models and the creation of new ones. They will also describe the Committee's collaboration with other organizations toward that end.

10:15 AM - 10:45 AM Morning Coffee Break

10:45 AM - 11:15 AM Session 2: AIEN & New Energies - Transition Taskforce Overview

Gabrielle Finger (Storegga), AIEN's VP of New Energies, will provide an update on the new energies taskforces created in the context of AIEN's energy transition agenda.

11:15 AM - 12:00 PM Session 3: New and Future AIEN Model Contracts – What's Next?

This session will provide an overview of proposed updates and new models and seek audience feedback on how the model contracts organization can best serve the needs of AIEN members engaged in contract drafting and negotiations.

12:00 PM - 1:30 PM Luncheon

1:30 PM - 2:30 PM Section 4: Gas Sales Agreement - Revision of 2006 Model Contract

This session will discuss the revision of the Gas Sales Agreement.

2:30 PM - 3:30 PM Session 5: Rollout of new AIEN LNG Sale & Purchase Agreement

This session will review the new LNG Sale & Purchase Agreement

3:30 PM - 4:00 PM Afternoon Coffee Break

4:00 PM - 5:00 PM Session 6: The US and the World: The Evolving Position of the US in the Energy Markets on Global Politics and Economics

This session will discuss the evolving position of the US in the energy markets in the context of global politics and economics. The panel will discuss, among other things, energy production trends, the role of OPEC and the effects of political instability in the global energy landscape.

*AIEN reserves the right to change the program and speakers unannounced and at any time.

11 July 2024 – Model Contracts Workshop Program

WEDNESDAY, SEPTEMBER 18

- 8:00 AM - 9:00 AM Registration & Morning Refreshments
- 9:00 AM – 10:30 AM Session 7: Liability Regimes in The New Energy Space
- This session will discuss the shift in liability regimes from the traditional hydrocarbon framework to more commonly used liability regimes in the context of new energy projects. The panel will discuss specifically the reluctance from service providers to the use of Knock-for-Knock type clauses, cross-indemnities, overall limitation of liabilities and change in law provisions.
- 10:30 AM - 11:00 AM Morning Coffee Break
- 11:00 AM - 1:00 PM Session 8: Focus on Hydrogen – Hydrogen Sale and Purchase Agreement & Hydrogen Joint Development and Operating Agreement
- This session will discuss the two recently launched drafting committees to develop these Agreements and the impact they may have in the industry.
- 1:00 PM- 2:30 PM Luncheon
- 2:30 PM – 3:30 PM Session 9: Similarities and Differences in the Energy Development and Transition in Asia, Africa and Latin America: The Role of Model Contracts
- This session will discuss how model contracts could be adapted to help facilitate energy development projects in Asia, Africa, and Latin America and the role they can play in the regions’ dynamic embrace of energy transition and the wide spectrum of contracts it entails.
- 3:30 PM - 4:00 PM Afternoon Coffee Break
- 4:00 PM - 5:30 PM Session 10: 2023: From Traditional to Transitional: Negotiating the New AIEN Model JOA
- The 2023 AIEN Model JOA has introduced several new clauses reflecting an energy industry in transition. This mock negotiation will feature some of these clauses, including Carbon Capture and ESG as well as traditional battleground clauses. Coaches will lead teams comprised of law students and young professionals.

THURSDAY, SEPTEMBER 19

- 8:00 AM - 9:00 AM Registration & Morning Refreshments
- 9:00 AM - 10:20 AM Session 11: Financing Energy Projects: From Self-Funding to Project Financing
- This session will give an overview of how energy projects get funded and go over concepts like Bankability, Contracts for Difference, Power Purchase Agreements, and the specificities of Project Financing. The panel will also discuss the potential need for new Model Contracts to be developed.
- 10:20 AM - 10:50 AM Morning Coffee Break
- 10:50 AM - 12:15 PM Session 12: New Frontiers: How Developing Economies are Tackling the Energy Trilemma
- This session will discuss how to balance Energy Security, Sustainability and Affordability in the context of developing economies. The panel will discuss specific cases and provide insights into lessons learned as well as how our model contracts can help tackle the Trilemma.
- 12:15 PM - 12:45 PM Wrap up and Final Comments
Co-Chairs
